Episode #146

Have you been grappling with understanding and how to correctly apply AI? I certainly have for several months. Last week I asked the LORD, point blank: LORD, do you approve of using AI in ministry? If so, how do you want me to use it in my work? The next day I heard this in my Spirit: I am AI, the All-Inclusive creator. Nothing comes about without me. All things are created by me and for me. Man connects the dots on how to create and develop but I provide the vision, insight and design to perfect the vision and bring it into reality on earth as it is in heaven. Yes, AI will multiply your time significantly. Learn to use it and get comfortable with it. But before you use it seek me first, pray over it and listen to the Holy Spirit for correction, direction, protection and perfection. Do not hold yourself back from the opportunities before you!
