Accountability Unleashes Potential!

As we are closing out the year and focused to “Finish Strong” we need to make sure we are holding ourselves accountable to execute on our intentions. If not, what will be the measurable result of what we said we would engage in?

Some opportunities to consider are: connecting with an accountability partner, scheduling regular check ins and setting up tracking tools to monitor progress.

1 Thessalonians 5:11 “Encourage one another and build each other up...”

Proverbs 27:17 “As iron sharpens iron, so one person sharpens another.”

Ecclesiastes 4:9 “Two are better than one, because they have a good return for their labor.”

Who does not want a good return for their labor? Connect with a friend, coach, or mentor and keep focused to “Finish Strong” in 2024.
