

Change Your Words, Change Your World!
The Mystery of Quantum Faith Pt 3: What Is Your Legacy?
Episode #208

Wednesday, August 27, 2025

Legacy: A bequest; a particular thing given by last will or testament. The long-lasting impact of events, actions, words etc. of a person's life.

Proverbs 13:22 "A good man leaves an inheritance to his children's children."

Because things/quarks/matter respond to our words we have to always be on guard and purpose in our hearts to speak good things.

Personal example: battling with AI attendant in a call center: How frustrated and aggressive my speech became. Until the HS reminded me that things respond to faith and words... :)

How are you communicating with your children, spouse, or anyone you have authority or influence over? What are you speaking into their lives? What do you tell them? They will ultimately obey whatever words of blessing or cursing are prophesied over them.

"Good counsel is the best legacy a father can leave his child"- Noah Webster

"Live so that when your children think of fairness, caring, and integrity, they think of you." — H. Jackson Brown, Jr.

"Compliments and encouragement are Fourth Dimensional languages that have the power to determine or influence a destiny." - Dr David Yonggi Cho
