John 14:12 "...he who believes in Me, the works that I do he will do also; and greater works than these he will do, because I go to My Father."

Faith is an unseen energy force that is not matter in itself yet it creates matter and actually becomes matter. The words that we speak that are energized with faith convert energy to matter. Words accomplish what they are sent for! They carry the substance of an assignment be that a blessing or a curse.

In Genesis 1 we see the remarkable outline of God speaking and substances appearing in creation! That same principle applies to every individual. We can clearly change our words and see the manifestation in our life, our outreach, our relationships, our finances, our health etc....

What are you holding back from doing? What dreams and goals have you allowed to grow dim and move to the far recessed areas of your mind? What unique assignment has God placed in your life that is waiting to be released?

Let me leave you with this quote from Les Brown!

"The graveyard is the richest place on earth, because it is here that you will find all the hopes and dreams that were never fulfilled, the books that were never written, the songs that were never sung, the inventions that were never shared, the cures that were never discovered, all because someone was too afraid to take that first step, keep with the problem, or determined to carry out their dream."
